# INVITATION

## OPENING

28 October 2015

You are very welcome to visit the opening of the

### Electron Microscopy Centre Amsterdam

The EMCA is accommodated at the AMC, as a collaboration between the AMC, NIN, VUmc and NKI. Our EM specialists share the EM microscopes and work together within the EM Centre Amsterdam. During the opening we will present our (new) equipment and demonstrate what Electron Microscopy can do for your research.

Imaging at high resolution

## how to apply Electron Microscopy in research and diagnostics

**AMC Room L2-242 Theatrum Anatomicum**

### Program opening

- 10.00 Opening (Eric Reits)
- 10.10 Introduction EM-techniques available at EMCA (Nicole van der Wel)
- 10.30 Jacques Neefjes (NKI) Visualizing complex interactions and dynamics in cells by the only technique possible; microscopy.
- 11.00 Wilbert Bitter (Vumc) Tuberculosis research; drawing a new picture of an old disease
- 11.30 Sandrine Florquin (AMC) Why do we need EM in renal pathology?
- 12.00 Opening EMCA with lunch and speed-dating the Electron Microscopes at M3

Please register before 20 October by email to [n.n.vanderwel@amc.nl](mailto:n.n.vanderwel@amc.nl)
