Understanding mitochondrial function through imaging

Program

13:00 Welcome and introduction

13:10 Key note speaker: Dr. W.J.H. Koopman, Radboud UMC Nijmegen

**Live-cell bioenergetics of mitochondrial dysfunction**

14:10 Dr. M.E. Witte, VUmc

**Neuroinflammation induces mitochondrial changes in neurons**

14:35 Dr. R.H. Houtkooper, AMC

**Mitochondrial protein homeostasis in control of metabolism and aging**

15:00 Coffee and tea with market

15:30 Selection AMC-VUmc young scientists

16:45 Wrap up and evaluation

17:00 Bites and drinks

Program is sponsored by **AMC** Research Office

AMC, Collegezaal 3/ Lecture Hall 3

Free registration before May 5<sup>th</sup> 2017 at:
